

**COME TO THE GREAT MOOT OF NOTTINGHAM,
A CONFERENCE TO END THE TREASON IN WESTMINSTER.**

- Are you going to stand idly by and allow our tried and tested Trial by Jury Common Law Constitution to be airbrushed from our country's annals?
- Are you happy that *Magna Carta*, our exemplary, world-respected 1215 Great Charter Constitution, is being downgraded to the sidelines of history by our treasonous political class?
- Are you going to allow greedy, corrupt and agenda-driven politicians from ALL of the political parties to micro-manage our lives in an Orwellian way using deception, lies, entrapment and outright fraud?
- Doesn't it bother you that the criminal financiers in the City of London and their private central bankers fraudulently control your life by putting you and your family into *unlawful debt*?
- Do you want to see the likes of Tony Blair and John Major derailing and reversing the Brexit decision to leave the corrupt and fascist EU?
- Are you prepared to see our armed services shrunk to a level where they can no longer defend our freedoms and sovereignty?
- Are you going to allow the elderly, the sick and the vulnerable in our society to be treated as second class citizens by not giving them the care and attention they so rightfully deserve?
- And are you going to allow children to be continued to be abused by Establishment-led paedophile rings and the secret 'family courts'?
- Your answer to ALL these questions will certainly be a resounding "NO!"

Following on from the success of [*The Winchester Declaration*](#), We the People are now organising and empowering ourselves peacefully to expose what is REALLY going on with our country whilst working towards full restoration of our Treasury-issued Bradbury Pound and the fiscal process of Sovereign National Credit through Independent Candidates passing **The Restoration Amendment** (restoring the Trial by Jury Common Law Constitution) which criminalises Usury and the modern fraud of Fractional Reserve Lending.

This new Rule of Law Movement doesn't offer *false* 'Hope' and 'Change' as do the treasonous, cowardly and vacuous politicians currently in Parliament—rather, we offer practical, historically proven solutions which can be *immediately* restored and implemented.
